

AbstractFactory

```
graph BT; EntityFactory --> AbstractFactory
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'AbstractFactory' with a light gray fill and a black border. Below it is a box labeled 'EntityFactory' with a white fill and a black border. A solid blue arrow points vertically from the top center of the 'EntityFactory' box to the bottom center of the 'AbstractFactory' box, indicating that 'EntityFactory' inherits from 'AbstractFactory'.

EntityFactory
